I. Discussion on potential bridge loan to Ontario County Economic Development Corporation for EAGLE Fund (Expansion & Growth Loan for Enterprise) for City of Geneva applicants

The EAGLE Fund provides loans ranging from \$5,000 to \$25,000 to support both new and existing small businesses located within Ontario County. Eligible businesses—across sectors such as manufacturing, retail, services, tourism, and agriculture—may apply, provided they meet lawful business requirements.

Loan funds can be used for a variety of business needs, including:

- Purchasing equipment, machinery, or inventory
- Acquiring or renovating buildings
- Employee training
- Working capital

Ryan Davis will present the proposal and be available to answer questions from committee members.
